

NEWS & UPDATES: CATALOGUES

Please note that the following catalogues/brochures have taken on new looks:

CYCLO® 6000 Series Gearmotor & Speed Reducer

Catalogue No.: C2001 – 5

Language: Japanese (English Version will be available in Sept)

Updates:

- New Brand Cover
- 6000SK Series included in the rating table & dimension pages
- More SF combinations (SF ratings increased)
- Torque rating selection table is now combined with kW selection table
- Selection for 50Hz/60Hz appears on the same page now

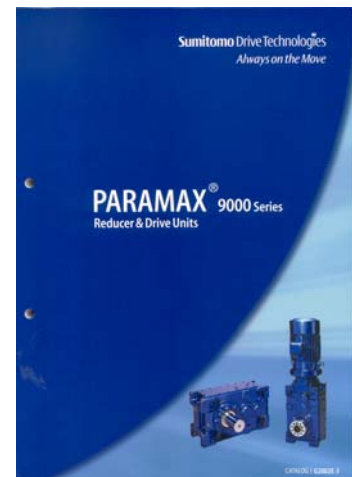

PARAMAX® 9000 Series Reducer & Drive Units

Catalogue No: G2002E-3

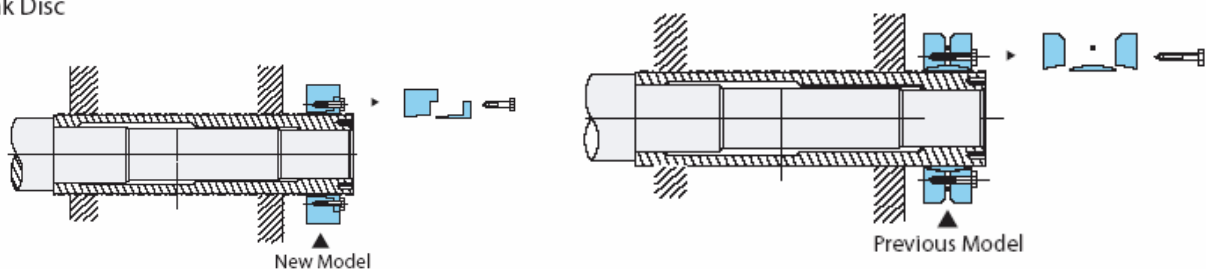

Language: English

Updates:

- User-friendly table – Previously, the table (ie: ratings, dimensions) has shaded horizontal lines which makes it difficult for referencing. The new user-friendly table incorporate lines for ease of reading.
- Correction of inaccurate information – Some dimensions that were misprinted in the previous catalogue has been corrected.
- Change in hollow shrink disc model – the new shrink disc has less parts than previous model thus, enabling ease of mounting.

Hollow Shrink Disc
